[DISPATCHES TO THE OREGONIAN]

DATES TO NOVEMBER 14.

Political News

LEAVENWORTH (Kansas) Nov 13 The Legislature stands twenty four Republican and one Democrat in the Senate the latter is elected by only five majority In the House there are eighty two Republicans and six Democrats

The Conservative says the Kansas Senate is unanimously Republican

MONTGOMERY, Nov 13.—The State is now conceded to Grant by 2,000 majority A point was raised that the acts of the Legislature are illegal on the ground that the law required the election to take place on November 3d The question will ultimately be left to the Supreme Court

Southern Affairs.

NASHVILLE, Nov 14—Senator Cole's resolution declaring the seat of Speaker Senter vacant gave rise to an animated discussion and was finally indefinitely postponed There was but one vote in the negative Senter will become Governor after Brownlow's resignation.

TALLAHASSEE, Nov 13—Governor Reed's case against Lieutenant Governor Gleason and Secretary Alden, for conspiracy against the State Government was called this morning After the argument, Judge Cook decided that the affidavit was insufficient Gleason and Alden were accordingly released There are no indications of further movements of public interest before the meeting of the Supreme Court, on the 23th, when an opinion on the impeachment will be rendered

NEW ORLEANS, Nov 13—Gen Hays says that the use of his name in connection with any Cuban movement is false and without the slightest foundation He has no personal knowledge of any such expedition being entertained

Thomas E Adams, former Chief of Police, died to day

Claims against the city for $1 700 damages during the riot have been presented

Miscellaneous

SYRACUSE, (N. Y) Nov. 13—The Sherman House and a number of adjacent stores were burned this morning, loss, $130 000 The property burned is in the heart of the city

NEW YORK Nov. 13—The committee appointed by the Union League to consider the subject of alleged naturalization frauds, has made a preliminary report, stating the facts which have been already testified to before the courts The report concludes by stating the course they will pursue for gathering proof, which shall satisfy Congress and the State Legislature that the Democratic majority for electoral and State tickets were fraudulently obtained, and secure the Legislature to protect the purity of the franchise in relation to naturalization, and induce good citizens to combine for common protection against political fraud and corruption. They have opened an office at 258 Broadway, for this purpose

The removal of obstructions in East River will be commenced next week.

It is said to be understood in lobby circles that the Broadway railway scheme will become a law next session of the Legislature

The Tribune to-day editorially urges the enfranchisement of all who are now disfranchised because of rebellion, as well as color, and submits the following plan for a Constitutional amendment on the subject of naturalization

1 Restrict naturalization to the U S Courts and Commissioners.

2 Print the official records of names of all persons naturalized, with date of naturalization, respectively.

3 Allow any foreigner who swears he is now an actual resident of the United States and expects to remain so, and that he has committed no crime other than rebellion and treason, and tenders hearty and exclusive allegiance to our Union and its Constitution, to become a citizen at any time without exacting preliminary residence or declaration of intentions Further, to accord the right of suffrage to every person who has been naturalized not less than eighteen months and swears he has committed no crime known to our laws

4 Punish as a felony the manufacture or use of illegal certificates of naturalization, and all actual voting or attempts to vote, by immigrants not qualified as aforesaid Such an amendment it is trusted would be ratified and would powerfully aid General Grant in securing a lasting and general peace

Cuban Affairs.

NEW YORK, Nov 14—The steamer Henry Chauncey, from Aspinwall has arrived

The Herald says a private letter from a prominent insurgent in Cuba, states that the revolutionary Junta of Havana have sworn to destroy the property of every individual who shall, over his own signature, offer his life or wealth or protection in favor of the Government cause, in no other case shall property be attacked Recruiting for the Cuban expedition it is said, has ceased in this city Col Gibbons, having already enrolled sixty-five hundred, which is fifteen hundred more than he wants, admits that the whole command is to devolve upon a wealthy Habanese Fumaos a military leader under Don Carlos and Maximilian and who so far has furnished all the funds necessary The intention is to annex Cuba to the United States

General Smith has telegraphed to the Captain General of Cuba that there is no truth in the rumor that he is in any way connected with the fillibustering expedition fitting out for that island The Captain General, in reply, begs him to assist as far as possible in discouraging such an unlawful enterprise.

The Daily Oregonian.

MONDAY MORNING, NOV. 16, 1868.

Let Them Fight It Out on That Line.

The *Herald* is hunting up reasons for the crushing defeat which has met the Democratic party. It thinks the party was injured years ago by "pandering to anti-slavery prejudices," declares that it was the height of folly to attempt "run a Democratic party upon an Abolition war platform," and says that the party has been demoralized generally by the "various experiments" which have been tried by its politicians. Following the example of the New York *World*, the *Herald* makes an attempt to throw the responsibility of the defeat on Frank Blair. It says: "The nomination of Frank Blair was an experiment the damaging consequences of which have been felt by Democrats everywhere. The delegates in the Convention . . . did not sufficiently consider the vast number of Democrats throughout the Union who only knew him by his record, which they had not learned to forget." Last July when Blair was nominated the *Herald* could neither contain its admiration nor find words enough to express it in. It said on the 15th of July: "The Democratic party of to-day has no issue with the 'Free-Soil Democracy;' all such difficulties have been forever and finally settled by the removal of the cause. The courage, zeal and persistence with which Gen. Blair has fought Radicalism in Missouri for the past three years has endeared him to the Democracy of that State and entitled him to the support of all conservative men throughout the country." Again, on the 23d of July the *Herald*, after printing from an Eastern paper some of Blair's revolutionary declarations, exclaimed with ecstasy: "Hurrah for Frank Blair! He is just the man for the times. His platform meets the honest sentiment of the people. We are for fighting it out on that line." And now, after having fought it out on that line and met with an Appomattox defeat, the *Herald* is guilty of the injustice and ingratitude of turning on Blair and upbraiding him as the cause of the overthrow. Well, let the defeated revolutionists now turn their weapons against each other. We are for letting them fight it out on that line!

GOING, GOING, GONE.—The "organ" seems to be in distress. Half-yearly, during the whole period of its existence it has informed its readers that it was in a high state of prosperity and promise. It has boasted of being the "official organ of the United States," and has obtained several thousand dollars, drawn from the tax-payers of Portland, as the "official organ of the city." This city patronage was created expressly to keep the Democrats of Portland supplied with an organ. The assurance has been given, times without number, that this journalistic enterprise was a complete success. But an ominous looking adv . . . may now be seen posted in conspicuous places throughout the city. Unrelenting creditors have seized upon the "organ" and have delivered it into the hands of the Sheriff, who is to hold an inquest upon its remains in a few days to satisfy a judgment for several thousand dollars in "lawful money of the United States." The "press, boiler, engine, type, c . . s and material" are to be sold under the hammer. Whether Beriah is to be sold with it the advertisement does not say. Probably the "feeble individual" will go along with the rest of the worn and damaged material. We do hope that though the organ is to be sold at public sale its publication will not be stopped! True, it costs the tax-payers of Portland a good deal to keep it up; but what should we do without its delightful articles on the resolutions of '98, the divine beauties of slavery, and other fresh topics? No, no, the "organ" must continue to run. Hallock must introduce an ordinance in the Council requiring the city to . . . se this debt. It's positively shameful to allow the "official organ" to get into the clutches of the law in this way.

GREAT V . . . .—The Corvallis *Gazette* manifests a good deal of concern over a document . . . , headed *Union Extra*, got up in a . . . style with stunning head lines in the following words: "Startling news! Horrible Riots! Immense conflagration—Shocking murders. The . . . on seemingly gone Democratic. Death of Charles Sumner—Gov. Brownlow at the point of death—Gen. Grant at the head of 10,000 troops, on his way to proclaim martial law in Tennessee etc., etc. Gold up to 287—Greenbacks 38½—Banks are suspended." The *Gazette* remarks that in addition to this there was a dispatch, dated New Haven, from "H. C. (?) Corbett to G. W. (?) Williams, to the effect that the elections had been carried for Seymour and Blair; that the Secretary refuses to certify to returns, and that Congress has been called for December 1, to meet the crisis, closing with, "Do not fail to be here." The *Gazette* thinks this a great mystery and manifests much anxiety about it. The editor actually went to see the telegraph operator at Corvallis, who could give no information on the subject. So the Corvallis editor is still in doubt about the whole thing and asks: "If it is a sell, who is responsible for it? If not, why has the telegraph been silent all this time?" Evidently he never before heard of such a thing being perpetrated as "a sell." It is to be hoped that, as the telegraph is not to be believed, the Overland mail will, in the course of a few months, furnish a solution to this dark mystery.

FOUGHT ON PRINCIPLE.—The late campaign was fought by the Democrats on their principles, pure and simple. That "bed-rock" journal, the New York *Day Book*, said in its issue of October 3d; "On one side is the old Abolition party, with its preachers, lunatics, fools and niggers, and on the other the hard-fisted Democracy, and we have only to issue a proclamation giving every one with the rank and file a 'likely nigger,' to sweep such rubbish from the face of the earth, though the Mongrels were led by a thousand Grants and Shermans." Let us have the proclamation!

THE ELECTION. Grant county gives 12 majority Seymour. Josephine is reported to give only 11 majority for Seymour, a gain for the Republicans of 20 over the figures heretofore reported. The majority for Grant in Marion is 515 instead of 525. According to present figures the Democratic majority in the State is 25.

The California *Advocate*, Dr. Benson's paper, says of the result of the election: "Business men will breathe easier, and the whole country will enter upon an era of greatly increased prosperity. Old rebel issues have been effectually settled, and the 'lost cause' has been sunk so low that it will never be reached by any possible soundings tied be praised for his mercies!" Here is a chance for Beriah to "go after" Dr. Benson and the Methodists again.

[DISPATCHES TO THE OREGONIAN.]

DATES TO NOVEMBER 14.

LAST NIGHT'S DISPATCHES.

The Bulls and Bears of Wall Street.

NEW YORK, Nov. 14.—The stock exchange was wildly excited this afternoon with a further heavy advance of prices, based on a report that the leading bull and bear operators had joined in working together for an upward movement.

NEW YORK, Nov. 15.—It is rumored that leading persons were free buyers of stock yesterday and to-day, and are in concert with the bull movement.

Election Contests in Philadelphia.

PHILADELPHIA, Nov. 14.—In the contested election cases to day before the Court of Common Pleas, a motion was made by the Democratic counsel to quash the petitions on the ground of defective affidavits. The court fixed Friday next for the argument on the motion.

The Howland Will Case.

BOSTON, Nov. 14.—Judge Clifford, in the U. S. Circuit Court, delivered his opinion in the great Howland Will Case, in which Hettie Robinson (now Mrs. Greene) was complainant against Randall & Co., executors of the will, to have the will set aside. The case rested upon the admission of the deposition of Mrs. Greene, which the Court decided inadmissable as far as related to the contract between her and Mrs. Howland and dismissed the complaint with costs. An appeal to the United States Supreme Court was taken.

Collision Between Ferry Boats.

NEW YORK, Nov. 14.—A terrible collision occurred this morning on East River, between the Fulton Ferry boats *Union* and *Hamilton*, as the latter was entering the slip on the New York side. Both boats were badly damaged. Three persons were killed and thirty-five wounded seriously. It is believed that four or five of the wounded cannot long survive. The accident was the result of criminal carelessness and causes much indignation.

The San Juan Island Controversy.

CHICAGO, Nov. 14.—The *Post's* Washington special says the British Government has conceded the point at issue in the San Juan business by agreeing to withdraw the joint occupancy of the island. This gives the United States control of Puget Sound and one of the best harbors between Sitka and San Francisco.

South America.

NEW YORK, Nov. 14.—The *Henry Chauncey* brings dates to the 5th.

The earthquakes continued all along the coast of Chili and Peru. Severe shocks were also experienced in Copiapo with considerable damage to property. No lives lost. A very heavy shock occurred October 13th, lasting nearly three minutes.

It was thought a bloody war was imminent in Chili, growing out of the support given Errazuris for the Presidency.

From Cuba.

HAVANA, Nov. 14.—An address, signed by the most influential portion of the population of the city of Puerto Principe and vicinity, among them Varona and other Cubans, has been sent to Captain General Lorsundi, expressing regret at the depredations of the Revolutionists in various parts of the island, and offering their services to quell the rebellion. They say they hope for speedy peace, and believe the inauguration of the reforms given by the mother country will soon bring about that result. It is well known that Puerto Principe has always been the stronghold of the Republicans, and it is thought certain that the address will have great influence throughout the entire island.

The Captain General, Lorsundi, denounces as false the statements published in New York papers that he prohibited the American Consul from sending dispatches by the Cuban cable to Washington, asking the Government to send a squadron to Cuba. He says the true statement is that the Consul wished to telegraph that Puerto Principe had revolted. The Captain General was certain that the intelligence was untrue, and convinced the Consul, who voluntarily withdrew the dispatch.

The announcements from New York of fillibustering schemes in that city and New Orleans against Cuba were promptly received here. The Captain General is also in receipt of dispatches to the same effect and has taken all necessary precautions. The dispatch mentions the appointment of General Dulce as Captain General of Cuba, who nominated on was receipt of the resignation of Lorsundi.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, Nov. 14.—The race advertised for yesterday afternoon over the Ocean House course between Error, Kirby Smith and Compromise, was brought to a sudden conclusion after two heats had been run, by a decision of the judges, they not being satisfied with the way the race looked. All bets were declared off.

The Grant Invincibles and Tanners turned out in full force last evening. Great enthusiasm prevailed. There was a grand display of fire works. Many buildings on the route of the procession were brilliantly illuminated.

The certificate of the City Paving Company was filed with the County Clerk yesterday. The object of the corporation is to carry on the business of grading and paving with wood, stone or other material, streets and sidewalks in cities and towns in California. Capital stock, $500,000.

No local news of interest this morning. No arrivals.

STATE ITEMS.

The *Unionist* says that every building in Salem in which a family can live is occupied.

The Republicans had a rousing meeting last Monday night to "ratify" the national victory.

The crops in John Day are unusually heavy this year, and have been saved in fine condition.

The first discovery of gold in the John Day mining district was made on the 9th of June, 1862. The discovery was made by a company of prospectors from Yreka.

Nearly all the stock has been subscribed for the project of building the lock at the Wallamet Falls. A meeting will be held at Oregon City next month to elect officers. The work will begin next spring.

The Albany *Democrat* says it will cost $75,000 to $100,000 more to run a railroad through Albany than to run it on up the valley by a direct line; and that paper tells the Albanians that if they do not "come out" liberally they will have no railroad.

A petition containing five or six hundred names has been prepared in Linn county and addressed to Governor Ballard of Idaho, asking the appointment of Rev. H. H. Spalding as Superintendent of Instruction for the Nez Perces of that Territory.

The Oregon City paper says: Peat is an excellent material for fuel—preferable we think to either wood or coal, for use in private dwellings. It is clean, pleasant and lasting. Thousands of acres of it exist in Clackamas county, and it is never thought of except for the grass it grows for stock.

The Albany *Register* says that the first Union celebration ever held at Scio came off last Tuesday evening. As it was the first Union meeting ever held in the place the Grant men exerted themselves to have a good time. And they succeeded. One or two "bed-rocks Democrats" undertook to annoy the meeting by hurrahing for Booth and Jeff. Davis, but as they kept back in the dark, no notice was taken of them.

The *Enterprise* says the Oregon City Woolen Mills require 500,000 pounds of wool per annum, produce 40,000 yards of cloth per month, and employ 100 operatives—25 females and 75 males. Of late the press of orders is so great that the company are obliged to run the factory day and night to fill them. They have 400 different kinds and qualities of cloth made here, including range from the finest dress goods to the common Oregon gray.

The *City Journal* is the name of a sheet just issued at Canyon City, Grant county. It is "to be published semi-occasionally by the typographical society for the proprietors." It says that its readers will find the latest news in the OREGONIAN and other papers, that the proprietors of the *Journal* will issue a paper whenever they have a mind to, and they hope all other people will do the same. The paper says it will publish only such local news as suits its purpose, and that there is little need of giving local intelligence any way, as most persons know far more of other people's business than they do of their own.

The *Unionist* has the following: "A few days since, a woman of easy virtue, left an order with the city auctioneer to take her household traps and sell them at auction. So this personage of many words procured a drayman and with him proceeded to the premises. When they entered the house the proprietress locked the doors, and with revolver in hand, commanded the gentlemen to pull of their boots, at the same time informing them that she had lost some jewelry, and that she was going to see if they were the ones that had purloined the lost property. The gents looked on the cold weapons of death with fear and trembling, and obeyed the imperative commands."

SETTLED.—The Albany *Democrat* says the election "proves that a majority of the American people are in favor of negro suffrage and negro equality." If so, what is the use of continuing the argument after the case is closed and the decision rendered? Yet we observe that the *Democrat* is hammering away on the "nigger question" as usual.

CHARITY.—A large class of people professing to be virtuous, on many occasions forget that to be charitable to a fellow being is the least virtue a person can possess. It is not always by giving money to the poor or assisting the afflicted that a person can only show their charity. A good advice is often better than money; for instance Meeting a person who wishes to purchase a common or fine suit of clothes or any other article in the Clothing or Dry Goods line, is it not a charitable act toward that person to recommend them to go to Kohn & Fishel, you being certain that at that House they can purchase at the lowest rates and receive good goods, and where the most particular can be satisfied!

Come in the Forenoon to BUCHTEL'S GALLERY for the finest work in the art of Photography. Sun Pearls, Imperial Cards, Ambrotypes, Plain Photographs, Old Pictures Enlarged, Re-touched, Painted in Oil or Water Colors. Come in the morning.

All know the lurking nature of Consumption. The warnings of a hacking cough should not be passed unheeded. It is but a notice to the sufferer, that there is an agency at work within, undermining the secret springs of life, sooner or later to break out in open disease. NEWELL'S PULMONARY SYRUP will stop that cough and save your life.

Perfume.—The most complete uniformity has been attained in the manufacture of Redington & Co.'s FLORIDA WATER, so that it may be depended upon to be always equal in quality, and altogether the *best, cheapest*, and most attractive perfume in its style, yet produced, in either this country or Europe.

For the Bath.—Redington & Co.'s FLORIDA WATER is indispensible, and it is one of the most perfect of all articles for use in the room of sickness, giving by its refreshing odor, great comfort to the invalid, soothing greatly nervousness and sleeplessness. Be sure and get the right kind—Redington and Co's.

G. VENARD,

CHARTRES COFFEE!

Manufactory Established in June, 1851.

STEAM POWER, NOS. 635 AND 637 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commends here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and put on their guard against this practice.

BEWARE OF COUNTERFEITS.

Each package bears the signature of G. VENARD.

METEORIC SHOWERS.—The dispatches from San Francisco speak of a brilliant meteoric shower which was seen on Friday night. The same shower was seen by several persons here. The greater part of the meteors were small, and proceeded from a point in the heavens a little north of west and about twenty to sixty degrees above the horizon. At 12 o'clock the shower began about 11 o'clock and lasted till nearly 4 o'clock in the morning of Saturday. The direction of flight was quite uniform—toward the southwest ... very large and brilliant meteors started from points much higher and shot across the heavens to the same point of disappearance, illuminating the earth like a flash of lightning and frequently leaving a long brilliant trail of light which sometimes lasted for two or three minutes. During the remainder of the time there was a large one nearly east ... in the west, having a long serpentine train ... but unlike that of a comet. Several hundreds must have been visible here, ... the heavens were clouded a good part of the time. During a walk of three or four blocks at about 1 o'clock we counted not less than twenty small and two large ones. ORO FINO THEATER.—There are few plays in the English language which portray in so vivid a manner the most atrocious of human passions as the tragedy of Lucretia Borgia. ... that, there are few so attractive and popular. Its announcement rarely ever fails to bring out a good house; and its presentation at Oro Fino on Saturday evening was not an exception to the general rule. The audience was one of the largest we have seen and no doubt of any audience of the season were better pleased. Mrs. Batey and Mr. Thayer were called before the curtain at the conclusion of one of the acts and Mr. and Mrs. Bates were called out at the conclusion of the piece. The compliment was deserved, for the acting was really excellent. The play as put on by Mr. Bates would have stood the test of criticism anywhere—and ... was well as to dress, scenery and general stage appointments. TRIAL OF THE MAIL AND EXPRESS ROBBERS.

The taking of the testimony in the United States vs. John Billings and Jerome Johnson charged with the Blue Mountain mail robbery of August 2d was commenced in the U. S. Circuit Court at ... A. M. on Saturday and concluded at seven in the evening. The case was conducted on the part of the prosecution by J. C. Cartwright, U. S. District Attorney, Wm. Strong, E. D. Shattuck and J. N. Dolph, and on part of defense by J. H. Reed and Thayer.

THE FACTS FOR THE PROSECUTION.

A. J. Sheppard, sworn—I ... Billings ... employee of Wells Fargo & Co., was messenger for Wells, Fargo & Co. on the 2d of August last; on that day the stage was stopped by four men who appeared on the road and ordered all on board to get out; the stage left La Grande at two o'clock in the morning; the driver was Seth ...; from La Grande to Pelican Station is twelve miles; there is no settlement there; arrived there at daylight; the robbery took place three miles from the station; the four men came out suddenly around the stage with shotguns and Henry rifles presented; ordered the messenger and all the others to throw up hands and to get out of the stage; they next ordered the messenger and passengers to walk forward to the team about twenty or thirty yards and then ordered the driver to throw out the treasure box; heard the treasure box and mail bags fall upon the ground; was not allowed to look back; we were told if we looked back they would blow our heads off; could hear them: three mail bags for Portland, Umatilla and Walla Walla were all thrown out; could not tell them by their voices; one was loud and hoarse; one of the men tall—six feet high; the one on the near side was a short man about the other I could not tell; got off on the right side; they were dressed in kind of black; had their feet covered with cloth, their hands and face blacked; ordered the stage to halt; the position of the guns were at shoulder and directed to driver and me; guns were cocked and capped; there were four of them, all the guns were pointed at driver, myself, Maj. Mears, Mr. Waters and some other man who was in the stage; did not know the strap on the Umatilla sack was cut.

Maj. Jas. R. Mears sworn—On the 2d of August last my occupation was a paymaster in the U. S. Army; the circumstances of the robbery on that day are pretty nearly as Mr. Shephard has testified; was asleep in the stage at the time; soon orders were given to get out of the stage; we obeyed and were ordered to advance eighty or a hundred feet to the front and not look around and to hold up our hands; we obeyed; heard the noise of the hammer on the express box and the tumbling of baggage; did not hear the orders to the driver; they began to feel about my pockets and took all from me they could find; could not describe them all; all were disguised—one with a red mask, and one with a green mask; do not recognize either of defendants here; one spoke; "Advance there, d—n you, or I'll blow your brains out;" took all the money they could find in my pants pockets; soon after heard the horses move in the brush and the driver ordered to mount, and we were ordered to get in the stage; all the mail bags were cut, I noticed at the next postoffice.

Cross examined—The guns were pointed on each side of the stage and at the inside; did not understand them to say if we would not attempt to shoot they would not.

James A. Waters, sworn—My occupation on the 2d of August, 1868, was Clerk in Pay Department; was accompanying Maj. Mears in that capacity on that date; think it was in the State of Oregon, from three to five miles from Pelican Ranch the stage was stopped by four men; I was covered with one gun, and on my right, Major Mears was covered with a gun, in front, I saw two men cover the driver and messenger. [Here witness related the transaction about as former witnesses had done.] The straps which run through the loop holes of the mail bags were cut, saw them at the Postoffice kept by John White; could not recognize either of the defendants; there is nothing in the appearance of them by which I could recognize either of them; one man on the right side was a great tall man and stooped shouldered; the man on my side of the stage was a small man—about five feet, six or seven inches in height; think his face was not masked but was blackened.

Cross-examined—Could not tell whether the driver said not to shoot, or the robbers, but after the robbery, the driver said not to shoot.

Direct examination—The only settlement between the stations is Meacham's and the character of some of the country is wooded and some open. Can't tell the distance.

Thomas Smith sworn—On the 2d of August was Postmaster at Auburn; made up the mails on the 31st of July, 1868, and passed them on for Umatilla, Portland and Sacramento; three were registered letters Nos. 30, 31 and 32. No. 30 was directed to Portland, 31 to Sacramento, and 32 to Umatilla. [Here exhibited envelopes, the ends of which were cut open.] A Chinaman presented a letter with gold dust to be sent to Portland. [Here exhibited letter.] Could not read it, it being written in China; this is my writing—the address, with this he gave me $50; I put it in No. 30 and sealed the contents; put it in the mail; it is not a through bag; it is opened at every Postoffice; for No. 31, a Chinaman also presented a package containing $50, to be sent to San Francisco; the envelope shows the direction to Sacramento, which is the nearest Postoffice where it is opened and sent to San Francisco; the letter No. 32, was mailed by myself; I had business in Umatilla and I enclosed $300 in gold dust, directed to ——— & Livermore; think I have a slight recollection of defendant Johnson; have seen him in Auburn in 1862.

Cross examined—Am not willing to swear that this man Johnson was in Auburn in his life; think it was in 1862; have known more than one Johnson.

W. J. Snodgrass sworn—I reside at Orodell, Union county, State of Oregon; was Postmaster on the 2d day of August, 1868; opened the mail and have a record, made at the time, at the office; on the 2d of August, a registered letter, No. 26, mailed at Boise City, directed to Portland, Oregon, and mailed on the 1st July, arrived; this envelope answers the description; was in good condition when it passed my office. On the same day, No. 32 mailed at Auburn, directed to Postmaster at Umatilla; No. 30, directed to Portland, and No. 31 from Auburn, directed to Sacramento, all in good condition. Orodell is situated some 24 miles from La Grande, and we call it 6 miles to Pelican Ranch. The mail arrived from La Grande on the morning of the 2d of August; have seen one of the defendants, Mr. Billings, in my store; do not know his name—only recognize him as the man. [Witness testified to some other uninteresting facts as regards the road and trails which we omit.]

John White, sworn—I reside in Umatilla county, Oregon, at a place called Cayuse; I was Postmaster on the 2d of August; it is on the stage road from Umatilla to La Grande, in Oregon; I opened the mail that morning; received it from Mr. Sheppard; he drove the stage that morning; the Umatilla sack was cut; the stage arrived that morning between 12 and 1 o'clock. (witness produced record stating what he found in Umatilla sack.) registered envelope No. 32, mailed at Auburn 31st July, directed to Umatilla, was open and contents abstracted; envelope No. 26 mailed at Boise City July 31st, directed to Portland, contents abstracted; envelope No. 31, mailed at Auburn 31st July, directed to Sacramento, contents abstracted; envelope No. 30 mailed at Auburn July 31st, directed to Portland opened, contents taken. I recognize the envelopes as being in the same condition, and as the same envelopes, do not, to my knowledge, recognize either of defendants; no one was present but the clerk when the mail was opened; when I saw the condition of the mail, I called Maj. Mears and Mr. Waters.

C. W. Moore sworn—I reside at Boise City, I ..., my occupation is Cashier in the First National Bank of Idaho; (witness here produced a copy of a letter written on the 6th July, stating what he caused to be put in the mail on that date, one Idaho Territory bond of $1,000, ... 100 in a letter directed to Ladd & Tilton, Portland Oregon.) the Postmaster took the letter from me and gave me a receipt for it; I have not the receipt nor do I know the number; the same was probably sent to Ladd & Tilton.

Jas. Archer, sworn—Resided on the 2d of August at Umatilla; was Postmaster; my deputy opened the mails, I not being at home at the time; (witness here testified to about the same facts as to what was found in the mail bag, after the robbery as the witness White); recognizes the envelopes; made notes on them at the time.

Cross-examined—I was not at the office that day when the mail was taken out; my brother was there; he is a deputy; did not see mail opened; I arrived there shortly afterwards.

Direct Examination—I noted in the backs of envelopes, opened and noted its contents; put them in the mail and sent them forward. Here the Court took a recess till 1 o'clock.

AFTERNOON SESSION.

Mr. Sheppard re-called on the part of the prosecution—It could not have been more than five minutes after we started after the robbery when I discovered that the Umatilla bag was cut; the driver was required by the proprietor, Mr. Haley, to go back, and I was put in charge of the stage by Mr. Haley, to drive to Mr. White's; there was no change in wagons or mails. I was asked something about the driver by Mr. White and told him we had had all ... the ... agents.

... sworn—I reside now at Portland last August was engaged ... from ... the Blue Mountains ... the other side ... part ... from Umatilla to La Grande, I ... the mails on that day. Mears on the shoulder and told him to hold up his hands; I believe he was feeling of the Major's clothes and pockets; Mr. Sheppard looked around; I believe they told him (the messenger) "Straight on up there, you s— of a b—, or I'll blow your brains out," saw them take a pocket book, or something like it from Major Mears; they then told them all to walk four or five paces ahead; one of them came back and told me to take the lines; I took them and started off; I asked one if I could take the horses on the ...; he told me I could take anything I had a mind to; they ordered me then to get up and drive to where the passengers were; they ordered the passengers aboard and told them not to look back; I drove ahead, and when we had gone about one fourth of a mile, in a conversation with Mr. Sheppard I told him they had robbed the mail; when I got to Meacham's Station, on the summit of the mountain I found Mr. Haley there and told him what had taken place; I took breakfast; after that he told me to let Mr. Sheppard drive down and to go back and look for the horses; went back, took the horses ... and found them about three fourths of a mile from where the robbery took place; did not see any men there; the guns were pointed at me and Mr. Sheppard; I also do ... cause two men were ahead with guns; did not think it a good thing to disobey.

Question by the prosecution—Did you consider your life in jeopardy at the time you halted.

Objected to by defendant's counsel. The question was argued at length and decided by the Court to be admissible.

Answer by the Witness—I did consider my life in danger provided I did not submit to what they requested me to do, if I submitted I did not consider myself in danger, I throwed the mail out to them when they commanded it, I did not resist because I believed they would shoot me if I did; two of the men were ahead of the team guarding the passengers with guns; the other two rode back opposite the wagon; knew these men were to be there, but was not positive; but cannot tell it since I saw George Savage, Thos. Corey, Jerome Johnson and John Billings in ... City, saw Jerome Johnson the 20th of July last, in Grande Ronde valley, saw Savage on the Thomas and Truckee road and at Sommerville, have seen Thos. Corey frequently at Boise City, Idaho City and Davis' place; he used to live at Davis' place, heard these four men were together, a man by the name of Wheeler told me Johnson would be there; he said he spoke to Johnson and he would be at Dr. La Burr's place in a short time; that was on the 6th of July; have not seen Billing since 61 and Johnson on the 20th of July in La Grande; saw these men again on the 2d of August when the stage was robbed, and saw them on the 6th again at Dr. La Burr's place, went there with Melville Baily; Jerome Johnson took the buggy; I told him he should not be scared; he said he was not scared; I asked where the boys were, and he said they were out in the brush; I got in the buggy and started off; Baily said he was going out to hitch the horse and took La Burr's boy, La Burr told him he did not want the boy to see what was going on, because children would talk; we were at the house at this time, Dr. La Burr told me to come out under the shed; Dave Johnson was there on the bed, we then went in to dinner and after we got through eating went back again, Baily was sitting there, we went in, sat in dinner, and we went across the creek about a hundred yards. It is about forty yards from the house. Found Geo. Savage, Thos. Corey, and the John Billings there. They had blankets in the brush; shook hands with them and asked them how they felt. They said very well; felt a little sore from traveling. I believe Mr. Billings asked me if I recognized them at the time, and it I could tell what part they had taken. Told Mr. Billings what he done particularly about picking up the messenger's gun and pulling the stick out. He said yes, he wanted to see how much load he had in. Told him he went through the passengers pockets. He said yes, I had him all right. I told him Thos. Corey took the horses and went off. Said he did. I told him Jerome Johnson was the one on the right side of the team. Said there when he stood. Told him Savage was the man who picked up the treasure box and sent to work at it. He said he was. I asked Mr. Billings if he saw any of Mr. Sheppard recognizing him. He said he was afraid he would. I remarked one thing about making the messenger straighten up. He said yes, he was afraid he would recognize him. Do not remember any more what transpired. Asked if they made much of a raise. They said not, it was a poor raise and not enough to take them back, said they got some bonds. I stayed with them about twenty five minutes. Savage and Corey were going to Boise City, Billings to Walla Walla; Jerome Johnson did not say what he was going to do. John Wheeler, who came down on the 6th of July told me his business was was to rob the stage in the Blue Mountains. He said John Billings, Thos. Corey, Dave Johnson and Geo. Savage were at Boise City, he would send them down. I communicated it to Mr. Woodard, Wells, Fargo & Co's agent, and Mr. J. G. Miller, division agent on the road, and kept them subsequently posted before and after the robbery. Saw Jerome Johnson about the 20th of July. After Wheeler informed me about the matter, I communicated with Bailey and Dr. La Burr, and did inform Mr. Woodard and Mr. Miller Dave Johnson was not able to go and so Jerome Johnson to go in his place.

Cross-examined—The first communication with John Wheeler was the 6th of July, had communicated with Dr. La Burr on the 7th of July at 2 o'clock in the morning at the ... House La Grande; commenced on the 11th of October a year ago to drive stage for John Haley; could not say positively what was in the treasure box, whether it contained ... that I thought there was a ... in it. G. T. Wilier, sworn—I reside now at Portland; my occupation is keeping a livery stable. About the middle of July I was closing up my business with Haley. I was agent for him when the robbery took place. Austin communicated to me ten or fifteen days prior to the time ... every other day. Mr. Austin drove to La Grande in White's ...

John ... sworn—Am acquainted with Geo. Savage; he lived in Summerville; in the 24th of July saw him at Hendershott's Point on the Ruckle & Thomas road; I came from Uniontown it was a little after dark; he was traveling on foot; had a conversation with him of about an hour and a half in length; he said he was going to Walla Walla on the Lincoln road, which does not go through Summerville. I have not seen him since. Hendershott's Point is some 15 miles from Summerville; I do not know Thomas Corey. I reside at Forty-nine ranch on the Payette river on the road to Boise, about fifty miles from Boise and about ninety miles from Uniontown; the road is usually travelled; I saw Savage at the "Well" about three or four days after the robbery; he was on horseback and said he was going to Owyhee, I said, "how do you do, Mr. Savage?" He said, "my name is not Savage." I said, "you look like the man Savage who used to live at Summerville." He said he never lived in Summerville; held his head down and walked off. I think it was about as late as Friday in the week.

Cross-examined—I knew him in Summerville in 1866; have been in his place to take a drink; know it was Savage; held a short conversation with him; it was about three or four days after the robbery when I heard of it, and this was some three or four days after I heard it.

J. Hudder sworn—Am deputy Marshal; assisted in arresting Savage. [Here witness described the appearance of Savage.] He was arrested at Silver City, sometime in the latter part of August. [The rest of the questions put to this witness were objected to and objection sustained by the Court.]

A. J. ... sworn—I do not know exactly where I was in August last. I am acquainted with Mr. Billings. I saw him as I came from Shasta to Walla Walla; was traveling afoot; I picked him up seven or eight miles from Summerville. I took him in the wagon during the night; a couple of persons rode by camp which attracted my attention; I then laid down again and in the course of an hour one man came back, riding a horse and leading another. I cannot fix the hour in the morning, I hitched up, and in a little while saw Mr. Billings, I came to the conclusion that he came just into the road as I did not see any one passing by camp, it was early in the morning after the robbery; when I got to Baker City on Tuesday, I heard of the robbery on Wednesday; got to Forest Cove and on Thursday to the foot of the Blue Mountains. I overtook Billings on Friday, it is some twenty or twenty five miles from Pelican Ranch by the road where I picked up Mr. Billings on the Thomas and Ruckle road, it leads to Umatilla, Walla Walla or Walula; I took him along in the wagon with me to Walla Walla. I have seen him afterwards in Walla Walla.

(The Court took a recess till 6 o'clock.)

EVENING SESSION.

Melville Bailey, sworn—On the second of August I was living in the Grande Ronde valley, in La Grande; I know the defendants, seen them last August. Mr. Billings told me before the robbery that they were going to rob the stage about two miles from Pelican ranch and wanted me to come down from Boise City, Fay and Savage were with him; the conversation took place in a field within half a mile of La Burr's house, they were talking about robbing the stage, but were not quite ready, one of their number not having come down yet, and if he did not come they would have to take Jerome Johnson in his place. They showed me the masks they had prepared for their faces, they were flour sacks blacked over and holes cut in them; this was about noon the Monday before the robbery. I saw Jerome Johnson in Dr. La Burr's house the same day and in La Grande about a week before; said he came from the Dalles to La Grande he only staid one night and said he was going to Dr. La Burr's, I next saw him at Dr. La Burr's, after the robbery on Wednesday, near La Burr's house 30 or 40 yards. Savage and Corey and Jerome Johnson were present. He told me where the boys were. Said they did not make much of a haul out of the express box only $216, what they they told me they got. Got some from the mail and passengers. Billings, Corey, Savage and myself were present day when we had the conversation. The next conversation was on Thursday with the same parties at the same place. Jerome Johnson was at La Burr's house. Witness told which he recognized and what each done, that Corey took the leaders off. Billings took the money from the passengers, Savage out the mail bags, and Jerome Johnson stood guard. They said that was exactly correct. He knew Sheppard when he looked around and told him to "stand up, you s— of a b—, or I will shoot the top of your head off." Corey and Savage were going to the upper country. Billings was going to Walla Walla and Johnson was going to stay a little while. On Tuesday night before the robbery Jerome Johnson and La Burr saw me when Dr. La Burr told me he intended to take the boys up to the mountains, but Dave Johnson was sick and could not go, and Jerome had to go. Jerome was across the street at the time of this conversation, the Doctor told me I would find him in the brewery, and I was to find out whether the express came that night or not, and after the stage came in I was to tell Jerome when it came; met him and told him it had not come in that night. Jerome left town at the opposite direction from the Blue Mountains towards Uniontown, Dr. La Burr had gone the same direction; did not assign any reason for going around by this way of Canyon City, there is a way by going across to Uniontown turning to the left and leaving the river towards Orodell. Dr. La Burr told me to go; he went in the same direction.

Cross-examined—Have two or three kinds of business, blacksmithing, at that time I kept saloon at Mr. William's at La Grande; the conversation took place under the shed half a mile from Dr. La Burr's house; wanted to see his boys; have been acquainted with them before, they said they came down to rob the stage. EVIDENCE FOR THE DEFENSE.

A. J. Sheppard—I decided not to resist, had nothing to resist for; a different line of action had been made of the treasure.

Van Chider—I know Johnson, he worked for my father about the last August or first of September. I believe I saw him at Dr. La Burr's hauling hay sometime in August.

... Anson sworn—I reside in Linn county, Oregon; am a brother of the defendant; he was living in Linn county for the last three years, does not know of him being out of the county but ... ever last ... with ... drove (sheep for Mr. ...); ... was a laborer ... left my house on the 7th day of May, never heard any one say any harm of him in the neighborhood where he lived, heard something of his character since; never before; I live in Brownsville, Linn county; came from San Joaquin county, Calif., have been farming till this year; am working now in the woolen factory.

Henry McAllister sworn—I reside in Portland at present; have been acquainted with for ... one ... of ... ten years; believe he resided in Linn county since ... became acquainted with him; his reputation has been very good; he was going with someone in June, saw him ... the Dalles; was not doing anything.

Cross Examined—I reside in Portland; am a Night Watchman in the New Columbian Hotel; have been employed there at ... two months; knew Jerome Johnson in ... county; he was farming, not on his own farm; ... heard any one speak of his character; I was at the Dalles about three months; went there from Linn county the 10th of June; did not go in company with Johnson; think I saw him in the middle of June but can't say positively ... I ... last time in the middle of July ... don't know of John F. Wheeler.

Mr. Woodward—Do not know ... to ... what was in the Express box ... morning of the robbery ... it my instructions were ... there was a large lump of quartz in it ... the treasure ... out of ... myself ... in pursuance of information from Mr. Austin.

Here the defence rested.

Argument of counsel will be heard this morning.

Forfeiture of Seamen's Wages Clauses in Shipping Articles when Void

U. S. District Court, District of Oregon, November Term 1868. The Bark *Almatia*—A B Richards et al libellants.

This is a suit in ... for seamen's wages. The defence set up in the answer, is desertion and disobedience of orders whereby the libellants forfeited their wages.

The material facts are as follows: The libellants, George Mills, Albert Meher, Frank Sayers, Nels Nelson, William Nelson, Henry Nelson, Howell Lewis and John Lewis, were on the 14th, 17th and twentieth of August 1868 shipped as seamen on the bark ... at San Francisco for a voyage to the port of Portland on Willamette and back to the port of departure. The bark sailed from San Francisco on September ... and made the dock at Portland in the third of the same month. Upon reaching the latter port the first mate was immediately paid off and discharged but for what reason does not appear. The second mate then acted as first officer and proceeded with the discharge of cargo. The libellants were the only seamen on board. On Sunday morning October 4 the second mate called the men out about 6 o'clock and set them to doing the ordinary work at a ship. They washed down the decks and furled four sails which had been loosed once the Tuesday previous. The weather was calm and dry. When this work was done the second mate ordered the libellants to loose and refurl the foresail. This sail had been furled the Tuesday previous by the order and under the direction of the first mate. It was then half past eight o'clock and the custom was to have breakfast on Sunday morning at eight. There was no necessity of refurling the sail at that time. To this order, the men replied that it was after eight o'clock and they wanted their breakfasts. The officer immediately reported this answer to the master, who had the men called aft. On coming aft the master asked the men what was the matter? They answered that they wanted their breakfast. To this the master replied 'You want your breakfasts do you? The master then asked the men if they would furl the sail. They replied that it was after 8 o'clock and they wanted their breakfasts. The master then said 'You refuse duty then mind you get nothing coming to you.' The men replied, 'We do not refuse to do duty, but we want our breakfasts.' The master then ordered the second officer to go ashore and get men to furl the sail. The officer did so, but none were obtained and the sail was not refurled until the following Monday evening. No more notice was taken of the men.

By the direction of the master the cook allowed them breakfast, dinner, and supper on Sunday. The men slept on board but were not called to turn out on Monday morning. About half past 7 they applied to the cook for breakfast but he refused them, as the master had given him orders not to let him have any. About this time a gang of longshoremen came on board and commenced to discharge cargo. The libellants then went to the master on the wharf and asked him what he was going to do with them. The master said he didn't know them, that they took charge yesterday morning and he would have nothing more to do with them. The men said they had not "taken charge." The master replied—'You refused to work.' Then the men asked if they could go ashore. The master answered—'I don't tell you to go ashore.' The men then asked him if he would pay them. The master at first said he might if anything coming to them; and then said no, get it out of the ship if you can.

Thereupon the libellants left the bark and brought this suit for wages.

Upon this state of facts, the defence of desertion must fail. The libellants remained on the vessel for twenty-four hours after their qualified refusal to furl the foresail, ready and willing so far as appears, to do duty whenever called upon. During all this time no attention was paid to them or orders given them by the officers, and finally by direction of the master they were denied their usual food. On Monday morning, when the libellants finally applied directly to the master for orders, he said that he did not know them, and in effect that he was done with them. This was a discharge by the officers and not a desertion by the crew. Desertion by the maritime law is a quitting the ship and her service, without leave and against the duty of the party with no mind to return again. (1 Sumner 375). These libellants left the vessel with no mind to return, but not until they were in effect bidden to do so, by the language and conduct of the master and mate.

It being ascertained that the libellants did not desert the vessel, but were discharged therefrom at an intermediate port, it remains to be considered whether the discharge was justifiable or not. A justifiable discharge of a seaman by the master [illegible] wages previously earned. This is a rule of justice and policy which pervades the maritime law (3 *Kent*, 198.)

But it is not every trivial act of disobedience or neglect of duty that will justify the discharge of a seaman, or work a forfeiture of his wages. In the case of *The Mentor*, (4 *Mason*, 84) Mr. Justice Story discusses this question at great length. At page 90 he says

"There must be a case of high and aggravated neglect or disobedience, importing the most serious mischief, peril or wrong, a case calling for exemplary punishment and admitting of no reasonable mitigation, a case involving a very gross breach of the stipulated contract for hire, and going in its character and consequences to the very essence of its provisions." And again on page 91 he says:

"I should be very sorry, indeed, to lay it down as a general proposition, that any act of disobedience by a seaman, however slight, is of course to be visited with a forfeiture of wages, or will justify a master in discharging him in the course of the voyage. Such a principle, it seems to me, would be [illegible] to the common rules of [illegible] and would involve so many difficulties in its application, that the denial of wages would [illegible] from the [illegible] of the case with [illegible] to the ordinary habits of seamen, [illegible] contract into maritime employment. My opinion is, that the disobedience must either be an act of very gross nature, involving serious danger, a mischief or malignancy, or it must be habitual and produce such a general diminution of duty as goes to the very essence of the contract." See also to the same effect 3 *Kent*, 198. The case just cited from 4 *Mason* involved the consideration of the consequences of an attempt to create a revolt on ship board. The learned judge, in the course of his opinion, declared that even the commission of such an offence is not, in all cases, to be visited with a total forfeiture of wages,' and by way of illustration adds (page 93)

"Cases may easily be conceived, where the seamen have, in a legal sense committed the offence and yet under such circumstances of gross provocation and misconduct on the part of the master, as to form a very strong excuse, addressing itself to the conscience and mercy of the court."

Taking these rules and principles as a guide for the decision of this case, it is plain that the discharge of the libellants was not justifiable, and that they ought not to forfeit their wages for the single act of the qualified refusal to refurl the foresail on Sunday morning.

The first mate had been discharged and the second mate had taken his place. It is quite probable that the libellants in feeling at least in this matter took part for the first mate and against the second one. It is equally probable and even more so, that the second mate regarded the crew with disfavor and intended to hector them out of the vessel and get rid of them. There was no trouble on board with the libellants, until he became first officer.

The libellants have been before the court and four of them were examined as witnesses. They appeared very well for men in their station of life and those of them who were up in the witness stand gave their testimony intelligently and candidly. One of them had been on the ship for three years continuously.

The testimony for the claimants, consists of the depositions of the master and second mate, and a third person who appears to have been idling on the dock at the time of the altercation between the men and the officers on Sunday morning, and overheard and saw a part of what was then said and done. The cook was the only person on board who was not an actor in the scene of Sunday morning. His testimony has not been offered. No reason is given by the claimants for not producing him or his deposition. For aught that appears he is still on board the bark and within their control. This circumstance must have much weight against the claimants upon the questions of fact in dispute between them and the libellants.

The mate testifies that it was *necessary for the safety of the vessel* to refurl the foresail on that Sunday morning. The sail had been furled under the direction of the first mate and had been in that condition since the previous Tuesday and so remained until the evening of the following Monday. The vessel was fast along side the dock, one hundred and twenty miles from sea and the weather was and had been calm and dry. This statement of the mate's is incredible and it cannot be supposed but that he knew better. Its falsity is evident to any one, and is shown by the testimony of the libellants and that of the ship masters, Smith and Freeman. These circumstances are enough to throw discredit upon the testimony of the mate.

The force of the master's testimony is impaired by the fact that he was intoxicated on Sunday morning, when the affair took place, which was made the occasion for discharging the libellants, without paying their wages. It is altogether probable that the mate took advantage of his condition to bring about a rupture between the crew and him. As soon as the men said they wanted their breakfasts when ordered to refurl the foresail the mate immediately without a word of explanation hurried off to the master with a complaint of this disobedience of orders and the result was that the men were called aft and practically discharged.

On the other hand I do not think the libellants are wholly without fault. Although the refurling of the sail was not necessary to the safety of the vessel it was proper and right that it should be refurled if the officer in charge thought so. He had a right to have the sails furled to please his eye and in accordance with his notions of what was professional and seamanlike. Some one must give the law upon these matters and the general rule is that the seaman must obey what his superiors command. Of course there is a limit, beyond which a seaman need not endure the caprices and persecutions of his officers but may leave the ship and demand his wages.

But this order was not an extreme one. Fifteen minutes at the farthest would have sufficed to refurl the sail and although the libellants may have felt (as was probably the fact) that the order was given to punish and annoy them more than any thing else yet they should have obeyed it after the master required them to do it before breakfast. It also appears probable that the crew on Sunday morning were disinclined to work under the mate and held back in the discharge of the morning's work so that they furnished some excuse if not provocation for keeping them at work after the usual hour without their breakfasts.

In any event the order was not so unreasonable or oppressive as to justify the libellants in refusing to obey it either absolutely or unqualifiedly. Nor was their qualified refusal, under all the circumstances, sufficient to justify their discharge, or work a forfeiture of their wages, particularly as they remained ready to go to work, until the master discharged them the next morning.

I shall deduct one month's wages from the compensation due each of the libellants for his misconduct in this particular.

Counsel for the claimants also insist that the wages of the libellants are forfeited by virtue of a clause in the shipping articles which reads: "That if any of the said crew disobey the orders of said master or other officer of the said vessel or absent himself at any time without liberty, his wages due at the time of said disobedience or absence shall be forfeited and in case such person or persons so forfeiting wages shall be reinstated and permitted to do further duty it shall not do away such forfeiture."

This stipulation or clause is in derogation of the general rights of seamen as established by the maritime law, which does not allow a single act of disobedience however trivial or provoked to work a total forfeiture of a seaman's wages. Such stipulations are held void by Courts of Admiralty unless two things concur: first, that the nature and operation of the clause is fully and fairly explained to the seaman and secondly that an additional compensation is allowed entirely adequate to the new restrictions and risks imposed upon them thereby.' (2 Sumner 449) The burden of proof is upon the claimants to show both these things. No attempt has been made to prove either of them. Tried by this test, this stipulation is void. "Courts of Admiralty are accustomed to consider seamen as peculiarly entitled to their protection," and it is against the operation of such unjust and one sided stipulations as this, obscurely placed among the many long lines of a printed formula at the head of the articles that this protection is most required and given.

It only remains to consider the compensation which the libellants are entitled to receive.

The general rule when a seaman is wrongfully discharged during a voyage is to allow him wages up to the termination of the voyage. But to this there are exceptions. In some instances the compensation given by this rule would be too great and in others to small. The damages in all cases should be equal to the real loss or injury of the party (1 *Mason* 53).

The wages agreed upon were $35 per month for the round voyage. From the evidence it cannot be certainly known what time it will take to complete the voyage. On the argument it was admitted that the vessel was still in this port. The run from San Francisco here occupied just one month. The vessel has been in this port another month discharging and taking on cargo, and how much longer she may remain is not known. From what is known it may be safely assumed that the return to San Francisco will occupy another month.

The libellants shipped on the 14th, 17th and 20th of August. This would make the duration of the voyage about three and a half months. If the discharge was wholly wrongful and with no fault on the part of the libellants, the latter would be entitled to recover the stipulated rate of wages for this time, and also the sum of twenty dollars each, the price of passage from here to the port of shipment. From this must be deducted as to each of them the sum of one month's wages for misconduct and also the advanced wages received by two of them. The articles do not specify what kind of money the wages were to be paid in. The usage is to pay in coin, and the money advanced to Nelson and Mills, was coin. In all probability it was the mutual understanding that the wages should be paid in coin. But the contract is for so much money, and it may be satisfied by the payment of any lawful money of the United States. Under these circumstances the Court cannot decree that the wages shall be paid in coin, or that a greater sum per month than that agreed upon shall be paid in currency. However, the wages have been allowed for the round voyage. It is probable that the libellants might have returned to San Francisco, in a month less time, if they had availed themselves of the opportunities that offered immediately upon their discharge. Supposing that the decree would be paid in currency, I have upon this point, in the absence of testimony, presumed in favor of the libellants, and given them wages for three and a half instead of two and a half months.

Decree will be entered for Libellants in accordance with these conclusions. DEADY J

Mr Zachariah Wilson, Portland, Oregon, writes:

"It requires an article of real merit and intrinsic value to sustain itself during the stormy ordeal of public experiments. Murray's Improved Magic Oil has stood the test of time and has not been found wanting. The astonishing efficacy that I experienced—its curing me of Chronic Rheumatism and Lumbago, of long standing entitles Dr Murray's Premium Lung and Liver Balsam and Improved Magic Oil to a high rank in the list of remedies for Rheumatism, Lumbago, Earache, Distressing Pains etc."

John English of Howell Prairie, Marion county Oregon writes:

I was taken with a severe attack of Rheumatism in my knee joints and extremities accompanied with a severe cough for two months so that I had to use crutches. Meanwhile trying all remedies in common use. Your Magic Oil and Balsam gave me instant relief and I was able to walk in four days without crutches. I have not felt any rheumatism since. I have seen your family medicines used with excellent success. I have no hesitancy in saying it is the best preparation for family use ever tried for those complaints. I am now on my way to South America after residing in Oregon twenty years. I must now have two dozens Balsam and two dozens of your Magic Oil dollar bottles, as I am sure they are the best remedies in Oregon, and I would not be without them in my house, and when this package of medicine is exhausted I will send to your office in Portland for a fresh supply. HIRAM SMITH'S Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered. It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATION, GRANULATED LIDS, FILMS, &c., as has been abundantly demonstrated during the few months in which it has been brought to the public notice. The proprietor has such confidence in its INFALLIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm and a trial of it is therefore without injury or expense to the patient if a cure is not effected.

It has cured cases of FIVE, SIX, NINE, FIFTEEN and even EIGHTEEN YEARS standing in Harrisburg and vicinity, Oregon, as to which the following persons will bear witness:

E B MOORE, NATHANIEL BELL,
A L WALLACE, G W WARD,
Mrs MONTGOMERY, JOHN M HOLLOWAY,
W D PORTER, ROBT RAMSEY,

And others in that vicinity.

Persons afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial—the NO CURE NO PAY and NO INJURY plan.

Prepared by SMITH & ROACH, Harrisburg, Oregon.

General Agent SMITH & [illegible] Portland, Oregon, to whom all orders will be addressed, and for sale by all Druggists. fel9dawtf

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons both male and female are there who are suffering on a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken-down constitutions disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation they endure until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life destroying maladies, see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness

Seminal Emissions, the consequence of self-abuse. This solitary vice or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage who are suffering under any of those fearful maladies should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible and will give to each patient a written instrument, binding himself to effect a radical and permanent cure or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case, symptoms, length of time the disease has continued and have medicine promptly forwarded, free from damage and directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn-to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets, for as advertising physicians, in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus false certificates, pretended patient's letters, etc. Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR J F GIBBON, 616 Kearny street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR GIBBON that they read his advertisement in the *Daily Oregonian*. jy5daptf
